Experience

Stockt

2017

Lead Product Designer

-

Designed experience, interactions, and visual treatment. Performed research, user testing, and front-end development for Stockt, an online marketplace for restaurants.

Ebay

2016-2017

Product Design Intern

-

Working for Ebay's charity department I performed all research and designed all experience, interactions and visuals for an iOS and Android app.

Trngle

2015-2016

UI/UX Designer

-

Designed user experience, interactions, and visual treatment for Trngle, a social app which aims to inform, inspire and connect creatives in any field.

Abroad

2015-2016

UX/UI Designer

-

Designed the brand, user experience and visual treatment for the iOS app Abroad, an app created to connect students studying abroad.
